

# The Importance of Comprehensive Information Sharing Among Institutes of Medicinal and Other Fields of Techs Using Computer Networks

Nagoya Radiological Diagnosis Foundation  
Vice President of East Nagoya Imaging Diagnosis Center  
Takumi Gotoh M.D.

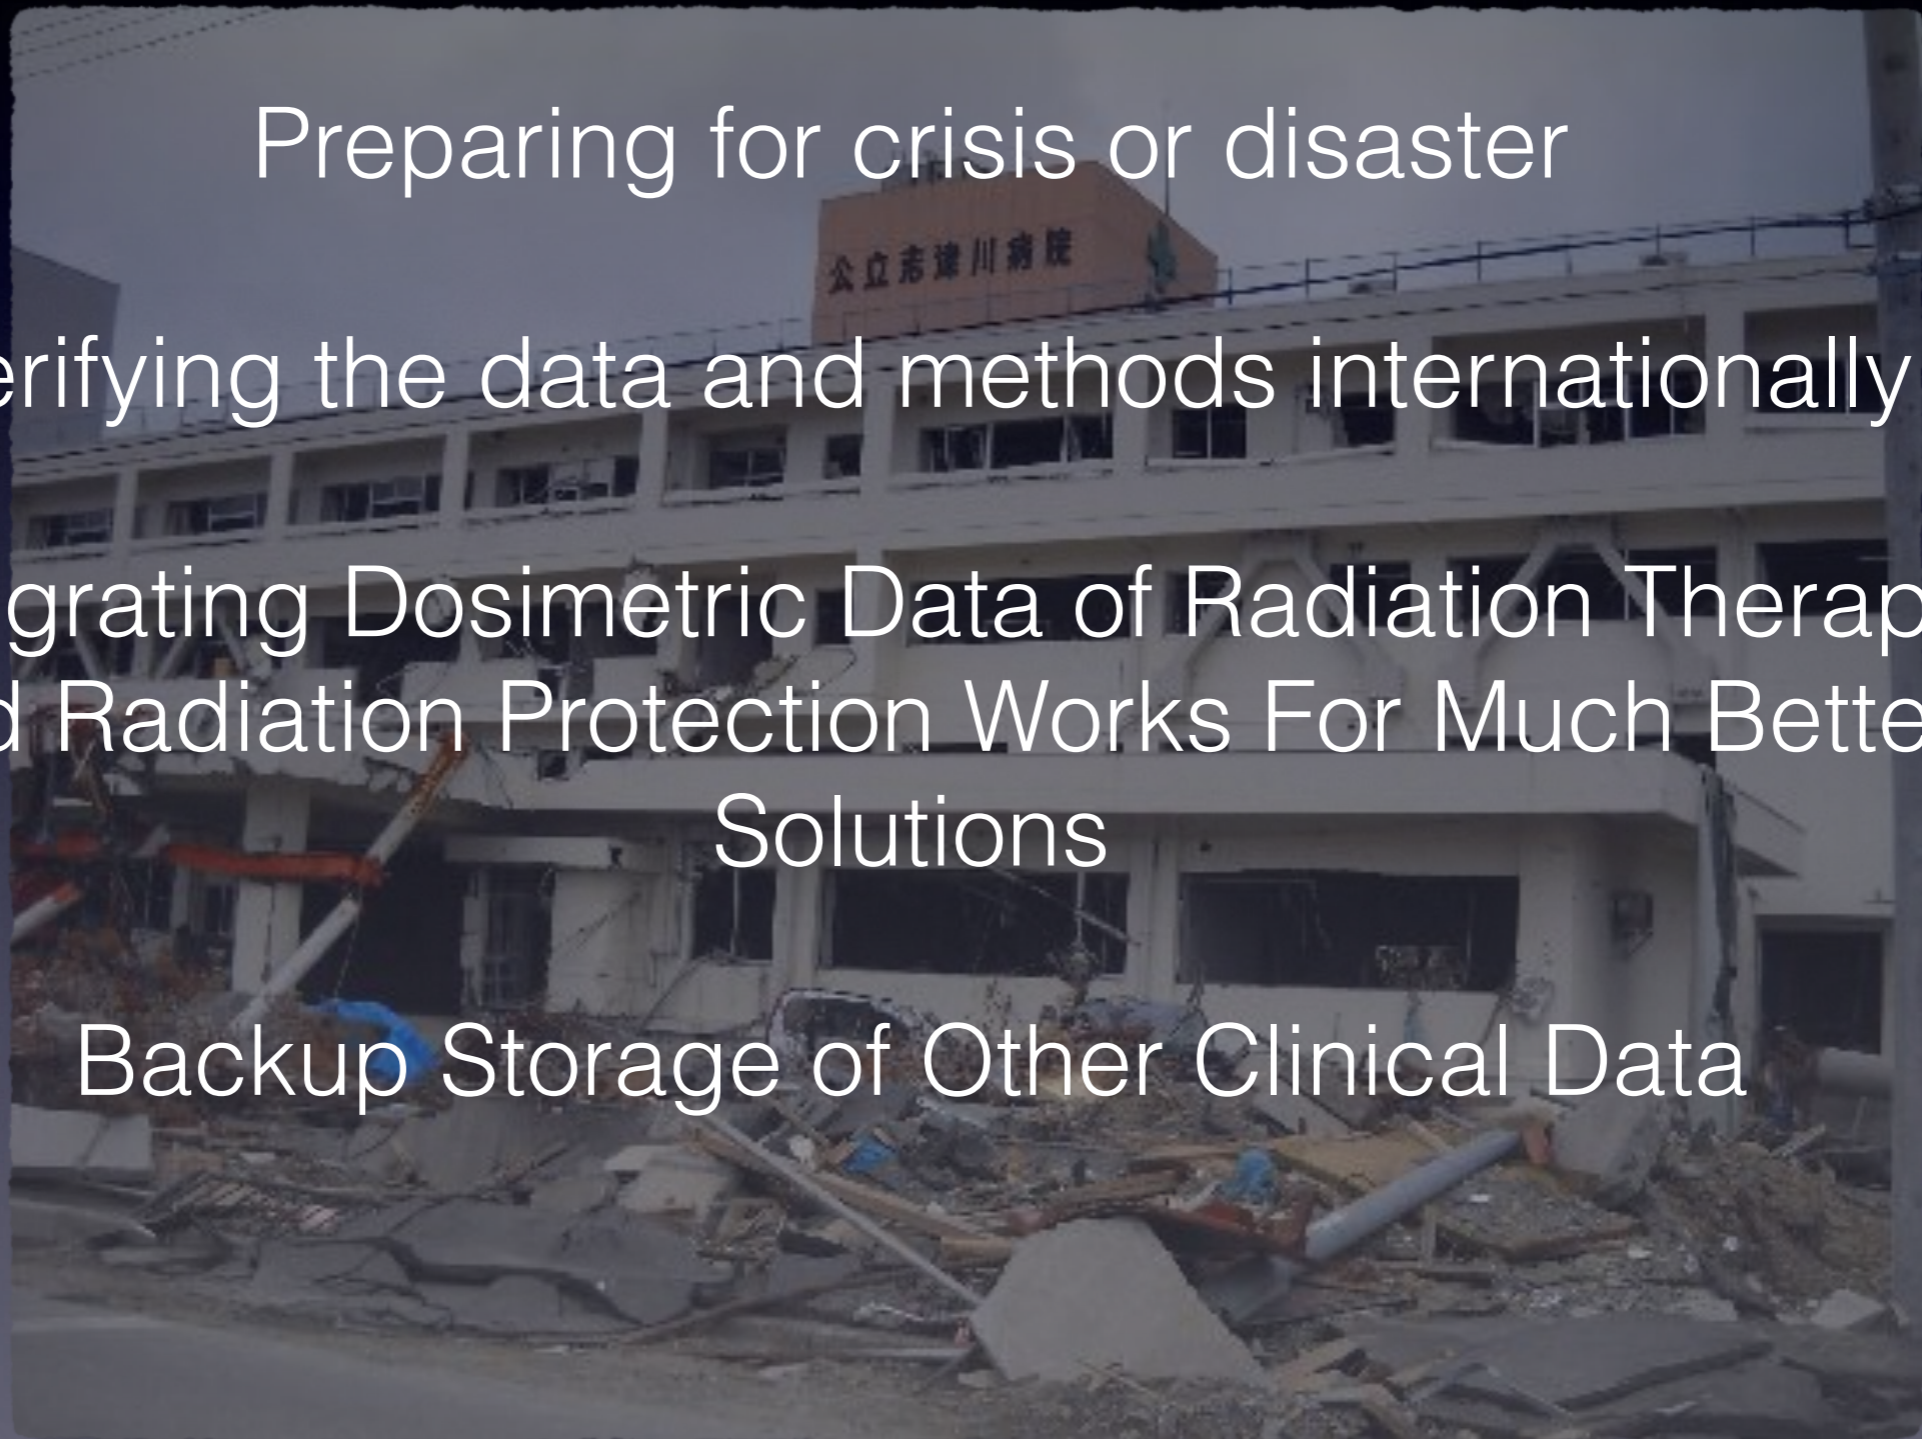

# The Purpose of Information Sharing

Preparing for crisis or disaster

Verifying the data and methods internationally

Integrating Dosimetric Data of Radiation Therapy  
and Radiation Protection Works For Much Better  
Solutions

Backup Storage of Other Clinical Data

# The ways of sharing

Applications of crowd (or cloud) sourcing systems via computer networks among experts in a worldwide scale
